

K-LOVE radio helps me get through the day because of their positive programming. The music and the announcers provide a very uplifting message. There are many in Cheyenne who turn to k-love as a safe haven, for themselves and their children, from the inappropriate and vile media that is so prevalent. K-LOVE serves the public by providing someone who will counsel/listen when someone is hurting emotionally. If K-LOVE were displaced people would not know about this free and valuable resource available to them. People who have been suicidal call K-LOVE and find hope when they need it most. Please don't allow this incredible radio station (that is so much more than just a radio station) be displaced!

Thank you,
Jennifer Weitlauf
